WILL FIGHT THE TIGER

LAW AND ORDER LEAGUE IS ORGANIZED AT SOUTH PITTSBURG.

SOUTH PITTSBURG, Tenn., Sept. 28.—Last night a representative body of the labor and business men of the city met at the M. E. church, south, in response to a call issued by W. H. Wilson, mayor; S. T. Haskew president board of trade, and J. C. Scott, president Merchant's association, and organized what is termed a law and order league, the prime object of which is to render all possible assistance to local officers in the suppression of the illicit sale of liquors and alcoholic beverages in the city and vicinity. Recorder W. M. Cameron was elected president of the organization and Mayor W. H. Wilson was elected chairman of the prosecuting committee whose duty is the vigorous prosecution of all violators of the law. A motion to close all places of business except drug stores, on Sunday, brought forth much heated discussion on account of objections made by some that to allow drug stores where soft drinks and, as claimed by some, alcoholic preparations are dispensed, to remain open on Sunday would be a laxity and discrimination and entirely unjust. There have been many discriminations entirely unjust. There have been many violations of the state liquor laws in this city and it is determined to put a stop to it if there is any possible way to do so. The better element is aroused over the matter and the

next few days will no doubt witness a change for the better in local moral conditions.

GREAT CROWDS TO VISIT CIRCUS

Many People Here Plan to See Barnum and Bailey at Chattanooga.

Sequachee will be well represented at Chattanooga on Wednesday, Oct. 6, when the Barnum & Bailey greatest show on earth exhibits there on that date, for a great many of our citizens have already expressed themselves as having made up their minds to attend. A glance at the list of wonders to be seen with this big show would lead one to believe that the limit in tremendous size as well as number of novelties to be seen has finally been reached. Barnum & Bailey present this year under their city of 14 acres of tents more things new than have been offered by all other shows in years. "Jupiter, the balloon horse," Karoly's troupe of 16 Hungarian coal black stallions, the musical elephants, the celebrated Kon-yot troupe of equestrians, seven troupes of foreign acrobats, four troupes of aerialists and hundreds of other arctic novelties all go to complete a circus performance that has never been equalled. The big menagerie has been augmented by the addition of many new strange beasts and is larger than all the zoological gardens in this country combined. The street parade, so gorgeous and tremendous in size, beggars description and in all is a fair index to the wonderful performances that follow.

Savings Department

In connection with our general and commercial banking department we have decided to open a new department which will be known as our Savings Department. This department will be run entirely separate from the other departments of the bank and on the same principle as regular Savings Banks.

This gives us three departments:—
First—The General or Commercial Banking.
Second—Certificates of Deposit.
Third—Savings Department.
Deposits taken from one dollar up—it's not the amount but the start that counts.

Man's Head 900 Feet Underground.
(Mahanoy City, Pa., Dispatch N. Y. World.)

At a depth of 900 feet below the surface of the earth, firmly imbedded in coal, the petrified head of a man was discovered at the Maple Hill colliery today. The head is perfect in shape, eyes, ears and nose, even the hair standing out in bold relief. Workmen driving a tunnel made the find at a point over which water had been flowing for years. It is believed to be the head of a man of a prehistoric age. The specimen was carefully mined, and after being trimmed will be sent to a Philadelphia museum.

The ladies are invited to visit the store of the Kelly-Darr Co., at Jasper, and see the nice line of Fall Millinery.
